

## PRINTING TRACTS AND PAMPHLETS

Our tracts are designed as tri-fold pamphlets that make them clear and easy to read.

To print your own copies, just download the appropriate file and print them on your own printer. Or print a master copy and have them printed at a print shop. All materials are available for free distribution.

### SIMPLE INSTRUCTIONS:

The file will open in Adobe Acrobat®. (If you don't have it, a free copy of Adobe Reader® is available at [www.adobe.com](http://www.adobe.com).)

Print page 1. Then put the copies back in your printer and print page 2 on the back.

Experiment with your printer to put the paper in correctly. Generally speaking, as you face the printer, the edge of the paper on your right as it comes out of the printer will still be on your right as you put it back in. The only question is whether to put it face-up or face-down. You should end up with nice back-to-back copies.

Then fold the copies into thirds so the title comes out on top. That's it! You're ready to share the good news with others.

### MAKE IT YOUR OWN

If you would like to personalize the contact information on the tract with your own name and address we also can send you the file in the following formats:

- .Pdf (Adobe Acrobat®)
- Wordperfect®
- A laser-printed hard copy to take to a print shop.

Just e-mail us at: [ForChristAlone@fastmail.fm](mailto:ForChristAlone@fastmail.fm).

God Bless you as you live for Him!
